No. NP Karsog/Bid/2026- 518-020 **Dated:** 24/10/2026

NOTICE INVITING QUOTATIONS

Sealed quotations are hereby invited from reputed and eligible firms, authorised dealers and suppliers for the supply, installation, testing and commissioning of a CCTV surveillance system comprising 5 MP IP Dome Cameras and associated networking, recording, power backup and other accessories at various locations in the Combined Office Building of Nagar Panchayat Karsog, District Mandi, Himachal Pradesh. The interested bidders are requested to provide rates for the following item on or before 02/11/2026 at 11:00 AM at the office of the undersigned. The quotations shall be opened on the same day at 03:00 P.M. in the office of the undersigned in the presence of the bidders or their authorized representatives, if they so desire.

The details of the required items and their technical specifications are given below.

Schedule of Item

Sr No	Description of item	Unit
1.	Supply of CP PLUS 5 MP IP Dome CCTV Camera with built in microphone, with PoE connectivity, infrared night vision, day/night function, suitable lens and mounting accessories for indoor surveillance. The camera shall be compatible with the proposed NVR.	No.
2.	Supply of CP PLUS 8 Channel 4K Network Video Recorder (NVR), with support for compatible 5 MP IP cameras, video recording, playback, network connectivity and remote viewing. NVR with built in PoE ports shall be preferred.	No.
3.	Supply of Western Digital (WD) Purple 4 TB Surveillance Grade Hard Disk Drive, suitable for continuous CCTV recording and compatible with the proposed NVR.	No.
4.	Supply of D-Link Cat 6 UTP Ethernet Cable, suitable for PoE power supply and data transmission to IP cameras, including cable laying, routing and termination.	Rmtr.
5.	Supply of CP PLUS Full Gigabit PoE Network Switch, with gigabit PoE ports, gigabit uplink ports and adequate PoE power budget, wherever required for the proposed system.	No.
6.	Supply of RJ45 connectors, modular plugs, patch cords and other necessary cable termination accessories.	Lot
7.	Providing PVC CCTV junction boxes/camera back boxes for concealing and protecting cable connections at camera locations.	No.
8.	Providing PVC conduit/casing and capping for safe routing and protection of CCTV network cables.	Rmtr.
9.	Providing wall-mounted, lockable network rack/CCTV equipment cabinet of suitable capacity, complete with cable management and mounting accessories.	No.
10.	Supply of CyberPower 1 kVA UPS with suitable battery backup for the NVR, PoE switch and network router, including necessary power connections. The bidder shall specify the battery capacity and backup duration at the actual connected load.	No.
11.	Providing HDMI cable for connecting the NVR to an existing or proposed monitor.	No.
12.	Installation, configuration, testing and commissioning of the complete CCTV system, including camera mounting, cable laying, termination, recording setup, mobile application configuration and demonstration.	Job

Conditions: -

1. The undersigned/Nagar Panchayat reserves the right to accept/reject the lowest or any quotations without assigning any reason.
2. The conditional/incomplete/telegraphic quotations shall not be entertained.
3. No advance payment will be made.
4. The quotations shall be submitted item-wise, clearly indicating the basic rate, applicable GST and total amount inclusive of all applicable taxes.
5. The brands specified above shall be adhered to. The bidder shall mention the exact make, model number, technical specifications and warranty period of each item in the quotation.
6. All cameras shall be 5 MP IP cameras with PoE connectivity and night vision, compatible with the proposed NVR.
7. The proposed NVR shall support 4K recording or decoding as applicable, be compatible with the specified cameras, and support remote viewing, recorded playback and video export. The specified 4K capability of the NVR shall not be construed as a requirement for 4K cameras.
8. The Western Digital Purple hard disk shall be suitable for surveillance recording and compatible with the NVR.
9. The D-Link Cat 6 cable shall be laid and terminated properly. Cable routes and actual quantities shall be determined at site.
10. The separate PoE switch shall be supplied only if required by the proposed system. If the NVR has sufficient built in PoE ports to support all cameras, a separate switch shall not be supplied unless specifically required and approved.
11. The CyberPower UPS shall provide backup to the CCTV recording and networking equipment during power interruptions. The supplier shall specify the expected backup duration and demonstrate its operation during testing.
12. The supplier shall configure authorised mobile and desktop remote viewing through a compatible application or interface, subject to availability of the office internet connection.
13. The quoted rates shall include all necessary connectors, mounting hardware, cable termination, installation, testing and commissioning required for a complete operational system. Any exclusions shall be clearly stated.
14. All equipment shall be new and unused. The bidder shall specify the manufacturer's warranty and applicable after-sales service arrangements.
15. Payment shall be released after successful supply, installation, testing and commissioning of the complete system, subject to verification and acceptance by the competent authority and applicable financial rules.
16. The successful bidder shall complete the work within the period specified in the supply/work order.
